...

Escape from reason is the second book in Francis Schaeffer's trilogy. It is basically his lectures to his students and an elaboration/continuation on his first book The God who is there. Its really enjoyable. however I think I enjoyed his first book better. Probably because in a way this second book felt very much like a repeat of the first.

Escape from Reason and He is There and He is Not Silent are two classic works by Schaeffer. Although neither book is very long, they are both excellent examples of Schaeffer's thinking and approach. They are historically situated (as all books are), but they are more than mere period pieces—they still repay reflection and thought today. Books At a Glance offers both of these books in summary this week to our members.
