### Complete Japanese Joinery by Yasuo Nakahara and Hideo Sato ...

The joinery book is thorough but not as practical as I was hoping. I would describe it as an encyclopedia for building a Japanese house. For every part of a house, the book prescribes the joint(s) that should be used. Sometimes there are a few to choose from, depending on whether the house warrants a fancy joint or a simpler one.

### Amazon.com: Customer reviews: The Complete Japanese Joinery

If you are interested in Japanese joinery, just about everything and anything you would want to know is here. The book discusses types of wood, the tools required and their use and care, and more styles of joints than I can count. There are 1-2 b/w photos of little value, and the numerous illustrations are all hand drawn with good detail.
