Science as a Vocation (German: Wissenschaft als Beruf) is the text of a lecture given in 1918 at Munich University by German sociologist and political economist Max Weber. The original version was published in German, but at least two translations in English exist. Science as a Vocation is the first of the two "Vocation" lectures Weber delivered.

This essay situates Weber's 1917 lecture Science as a Vocation in relevant historical contexts. The first context is thought about the changing nature of the scientific role and its place in institutions of higher education, and attention is drawn to broadly similar sentiments expressed by Thorstein Veblen.
