Viral Change: The Alternative to Slow, Painful and ...

Viral Change is also reminiscent of "Roses and Rust: redefining the essence of leadership in a new age" by Australians David Clancy and Robert Webber (Business & Professional Publishing, 1995). They argued that organisations were like gardens to be tended rather than Meccano sets that could be assembled and dissembled at will.

Viral Change T he alternative to slow, painful and unsuccessful management of change in organizations Disruptive Ideas 10+10+10=1000: the maths of Viral Change that transform organizations

Viral Change

There is an alternative way to install change and shape a new culture, which we call Viral Change™. Several principles sustain this different and successful approach: 1. Behaviours take priority. There is no change unless there is behavioural change. Change in processes and systems but with people continuing to act like before is not real change.

An introduction to Viral Change - The Chalfont Project

Viral Change™ is a way to create large scale change in organizations and society by the combined power of non negotiable behaviours, peer to peer influence, informal social networks, stories and distributed leadership (with 'backstage' of the formal top-down leadership). The methodology, the philosophy behind and the working principles have been described in books

Viral Change™ by Dr Leandro Herrero | The Chalfont ...

Viral Change™ must not be a formally labelled 'Change Management Programme' 9. Viral Change™ is neither top-down nor strictly speaking bottom-up, but multi-centric and distributed across the organisation. 10. Stories are the best currency of change. Story-capture and story-telling is key to Viral Change™ . 11.

The 15 key Viral Change™ principles | Leandro Herrero

Leandro is a former psychiatrist, he runs his own consultancy called The Chalfont Project Limited, and he's written several books, including Viral Change: The Alternative to Slow, Painful and Unsuccessful Management of Change in Organizations. This book is very interesting because it turns a lot of conventional wisdom upside down, so I'm hoping to unpack some of those notions with Leandro today.
